The Division has reviewed the referenced Notice of Intention to Commence Small Mining Operations (NOI), and the following item will need to be addressed before the NOI can be determined complete:

Please include a general location map that includes enough information to show how to get to the site from a paved public highway or other readily identifiable landmark. The Division staff needs this information to be able to travel to the site. You may want to include the USGS 7.5-minute quadrangle map could be included or multiple sheets of the same map. Please include a scale and a north arrow.

Please provide your response as replacement pages to your original NOI, using Form MR-REV-SMO/EXP, available on the Division's web site at [www.ogm.utah.gov](http://www.ogm.utah.gov).

The Division has determined the reclamation surety amount to be \$16,200.00 for a three year escalation and \$16,300 for five year escalation. This is based on the following table:
